 Chemistry teaching aid - uses geometrical pegs illustrating
 chemical elements having characteristic pigmentation and shape

LATV UNIV 04.11.87-SU-324881

(07.06.89) G09b-23/24

04.11.87 as 324881 (987AK)

The teaching aid includes 172 separate geometrical plugs or pegs illustrating chemical elements having a characteristic pigmentation and/or shape and connected by a non-extendable string of a length not less than 10 times the total max. linear dimensions of the geometrical bodies of the elements in an incremental chain of serial (ordinal) numbers.

USE/ADVANTAGE - Teaching aid e.g. for chemistry. Provides more through study of structure of atoms and of periodic law for chemical elements. Bul.21/7.6.89. (4pp Dwg.No.2/2)
